

Are you looking for a place at a UK University this September? If so, look at what the University of Wales: Trinity Saint David has to offer. An exciting range of degree subjects <http://www.tsd.ac.uk/clearing> , significantly reduced tuition fees, a friendly and caring environment and an excellent student experience.

Recently the Trinity Saint David was awarded additional student places by the Welsh Government which we would like to offer to students from other EU member counties. The bonus for you is that if you study in Wales, the Welsh Government will pay towards your tuition fees. This means that you will pay £3,465 per year instead of £8,500. You can also apply for a tuition fee loan to cover this and you won't have to start repaying until you are earning £21,000 or more. International students may also be eligible for a range of bursaries towards your studying and living costs.

If you are interested in a University place at University of Wales, Trinity Saint David please contact Mr James Lloyd on j.lloyd@tsd.ac.uk or telephone him on +44 (0)1267 676722.
