

PROPOSAL FOR YOUTH IN ACTION PROGRAMME

YOUTH EXCHANGES

The Union "Campiña-Andévalo" is an supramunicipal entity constituted by the municipalities of **San Juan del Puerto, Trigueros, Beas and Valverde del Camino** in the province of Huelva, with a total of 30.000 inhabitants approximately representing 14.7 % of the total of the population of the Province of Huelva.

The constitution of the Union took place formally in September 1997, and between the objectives of the Union are the socioeconomic, sustainable and integral development of the municipalities, taking advantage of the endogenous resources with which count this Region.

This proposal is a joined work made by the technician of youth from every Municipality and the Union, establishing a few points of common interest to include the **Action 1.1 " Youth exchanges" in the European Program " Youth in Action "**.

Characteristics:

- The groups plan together the exchange concerning a topic of mutual interest – Youth Associations
- Youth people of the Union of Municipalities
- between 13 and 25 years (20 % of the group can have between 26 and 30).

The Youth in Action Programme offers us the opportunity to extend horizons and cross our borders with the basic objective: Young people of our municipalities could discover the initiatives that in other places of the European Union are been developed very positively, taking advantage of these experiences to stimulate Youth Associations and to mobilize young people in order that they can work together for their and have organizational capacity.

General objective: Provide young people of the Union Campiña-Andévalo the possibility of taking contact with initiatives and experiences related to the Youth Associations in other countries of the European Union, across the exchange of experiences, in a meeting with other European young people in the place and institution of reception.

Priorities:

- To promote Youth Associations in the area, with the experience of the Associations and Projects that they discover in the exchange.
- To form a group of young people in every Municipality with initiative and worries in the field of the Youth Associations.
- To take this experience as a point of beginning to stimulate the Youth Associations in the area.
- Educate young people in order that they acquire enough autonomy to defend their interest.
