

Sassari University and the enterprise San Martino (water plant), are currently offering 2 positions as intern in the frame of the Erasmus Placement Programme.

The positions are opened for two different departments of the San Martino:

- HACCP AND IN-HOUSE LABORATORY, for students enrolled in the Faculties of Biological Sciences or Chemistry, already selected for an Erasmus Placement scholarship;

-ORGANIZATION AND MANAGEMENT CONTROL, for students enrolled in the Faculty of Economics, already selected for an Erasmus Placement scholarship.

The internships are to start in October.
